

Title: IMPORTANT – guidelines for the Jan. 8 - 24 lockdown 🏠

Text:

Hej!

Happy 2021, Beets! May this year bring you many opportunities to realize and share your potential! :)

You may already know that Ukraine will enter a lockdown from Jan. 8 to 24, to reduce the spread of COVID-19.

During this period, we highly recommend working from home. Still, if you do need to work at Beetroot Home between Jan. 8 and 24, we are ready to welcome you back and have taken steps to make sure our workspaces are safe for you.

Safety, of course, is a two-way street. :) To keep our Beetroot Homes open and our coworking Beets healthy during the lockdown, please follow these measures:

- ✓ Only come to the coworking space if you feel 100% well and you really need to work there.
- ✓ Communicate with your Office Manager at least one day before you plan to go to a coworking space.
- ✓ Use your personal magnetic key to enter the coworking space. This will allow us to notify you in the event of a health risk.
- ✓ Check your temperature (normal range: 36.1-37.2°C) before entering the building. Stay home if you have a fever.
- ✓ No Hugs, No handshakes (sorry!). Please, keep a distance of at least 1-2m from each other and avoid spending time in crowded places or in groups.
- ✓ Wash your hands often and thoroughly.

**Take care of yourself, Beetroot and the planet,
Daryna.**
